NOTICE OF ELECTION

In conformance with its Constitution and Bylaws, as well as the Labor Management Reporting and Disclosure Act of 1959, and the Constitution of the IATSE, notice is hereby given that Affiliated Property Craftspersons, Local 44, IATSE, will be conducting its triennial election for officers during the months of March and April, 2007. Pursuant to Article IX of the Local's Constitution & Bylaws, the election process will be overseen by the Local 44 Election Committee.

The offices subject to this election are: President, Vice-President, Business Agent, Secretary-Treasurer, Sergeant-At-Arms, 2 Representatives from 4 Crafts (Coordinators, Prop Masters, Set Decorators, and Special Effects), and 3 Representatives from the other two Crafts (Property and Propmaker). There are 3 Trustee positions available and one Delegate for Conventions of the International from each of the 6 Crafts.

Also, in this election, there are 12 new positions to run for (as approved in the new Article 9). They are Alternate positions. There is an Alternate for each of the Craft Representative categories, and six Alternate Delegate positions for each of the six Delegate positions. An Alternate Rep may attend Board meetings, but has no vote or voice, unless one of the elected Representatives in his Craft is absent from a meeting. At this point the Alternate steps up to the table and conducts business for the original Rep. He steps down at the end of each meeting and reassumes his Alternate position. Similarly, an Alternate Delegate only serves if the original Delegate is unable to attend an International or District

Convention due to some other commitment. These positions were voted in to ensure that a full Board and a full complement of Delegates would be available at all times to represent the members.

After the petitions are returned to the locked box at Local 44's offices, it is up to the Election Committee to determine if a candidate is eligible to run, and whether they have enough legitimate signatures to place them on the ballot. Please do not ask office staff to help you determine this; they are not allowed to answer these questions.

The Election Committee is in charge of finding a Election Service Provider, securing a post office box for return ballots, working with the Balloting Service to create the ballots, cover letters and return envelopes. The Committee also receives all mailing literature from candidates, ensures that the proper mailing lists are sent to the Mailing House, and delivers the mailings to the Mail Service Provider.

The Committee will be in place to determine any objections, challenges or protests that arise throughout the campaign.

The primary election ballots will be mailed by March 15th and must be received in the secured post office box selected by the Election Committee no later than 10:00am on March 30, 2007. The ballots will be sent to the membership by the Election Service Provider and a separate instruction sheet will be included with the ballots. The Election Committee shall oversee the counting of the ballots by the Election

Service Provider and each candidate may have one previously designated observer to ensure fairness in the counting process.

If no candidate wins the election outright in the primary (they must receive 50% + one vote of all qualified votes cast), then there will be a run-off round for those contested positions. The top vote-getters in each contest are in the run-off. If there is one spot available, the top two candidates run; if there is more than one spot open (e.g. there are 3 Trustee spots and no one gets a majority), then one more candidate than positions open are in the run-off (in this case 4).

Ballots for the run-off election, if any, will be mailed on April 10, 2007, and must be received at the post office no later than 10:00am on April 30, 2007. If a run-off for any elected office is required, these ballots will also be sent to the membership by the Election Service Provider and a separate instruction sheet will be included with the ballots.

A special Executive Board meeting will be called on June 6, 2007, to install all elected officials whether they won in the primary or the run-off election.

Please consult the newly adopted changes to Article IX of Local 44's Bylaws for additional information about the election process. Copies of the newly adopted Article IX are available at the Local's Business Office.

Section One – At-Large Candidates

The following grouping of candidates are voted on by the membership as a whole. Each member votes in each of the following categories of candidates.

Business Agent
Secretary-Treasurer
President
Vice-President
Trustee
Sergeant At Arms

The Business Agent and the Secretary-Treasurer are the paid positions of the Local and are responsible for the day-to-day legal and financial care of the Union. Both positions are automatically Delegates to all International conventions.

The President and Vice-President are the chairpersons of the Local. They moderate all general meetings, and Executive Board meetings, and the President is automatically on all Committees. The President is also automatically a Delegate

to all International conventions. The Vice-President assumes all duties of the President when the President is absent.

The Trustees are the first-line of financial oversight for the Local. They inspect the books of the Local quarterly to insure they are done properly, and currently are also responsible for contracting with an independent accounting firm for the yearly audit. **Each member is allowed to vote for 3 candidates in this category.**

The Sergeant-At-Arms is the Officer assigned to maintaining decorum at all meetings. Additionally, though not a member or participant of the Executive Board, the Sergeant At Arms attends all Executive Board meetings and is responsible for maintaining and distributing all literature.

For the most part Candidates were listed alphabetically. For formatting purposes there may be an instance or two where that is not the case.

RICK "COWBOY BOB" FRESQUEZ

Hi, I'm Rick Fresquez, Propmaker since 1978. If given the opportunity to be your to be your buisness agent, i feel i would be fair and equitable to all crafts of our union as I was when I was a shop steward for seven of almost 29 years. The finer points of our contract, as well as our constitution and by-laws, I learned and studied while I served as sergent of arms before our union was put into receivership. I have attended almost everyone of my craft meetings and general membership meetings. We have come a long way from the past.

VICTOR NERONE

We need to get a better contract. It's time to unite ALL our locals.

It's time our voice is heard. Vote for me. More money for your future. Victor Nerone for Business Agent!

ALLEN PRICE

Dear Brothers and Sisters,

I'm Allen Price, former Business Agent seeking re-election as Business Agent.

Ed Brown is supposed to enforce the Constitution, By-Laws, and Working Agreements; he has not and will not do the job but I can and will do the job.

Elliot Jennings has violated the working agreement, started illegally dispatching permits, and asked you sign off of low budget productions while he illegally dispatches permits to take those jobs get rostered and later take higher paying jobs. Ed Brown did not try to stop this loss of work.

It's all in the contract.

ELLIOT JENNINGS, INCUMBENT

It's Finally Working!

2½ years ago you voted in someone with financial background; here's what happened:

Then:

- A Local going bankrupt.
- Wild spending, no control.
- Little oversight
- Lost revenues; no policies
- Lack of communication/openness
- Dropped members working
- Expensive insurance

Now:

- \$1,000,000 into the coffers.
- Yearly budgets; 2 straight years under-budget.
- Outside audit, on-staff CPA, involved Trustees
- Crosscheck collections; employee oversights
- meeting minutes in paper; email; new website
- Tighter policing; violations nearly zeroed.
- More insurance; lowered cost

Also; union and American-made products; no hiring favoritism; increased, cost-efficient programs.

During my long career as a construction coordinator, I worked closely with the local union, production and studio management, and I developed the negotiating skills that every union president should possess. I also have the required character, demeanor, intelligence and maturity to navigate our union issues and represent our local at international events. As Trustee I have come to realize there are two position that requires some knowledge and or training to be able to perform. A Trustee should have the knowledge but one could be trained to properly perform an Audit.

Secretary-Treasure must be educated or trained in Accounting or Management to properly perform the required duties. Elliot is very well trained and I would recommend one to vote for him. Elliot will perform his duties as we would expect.

I have seen Dennis in action and can say he is not qualified to perform the Office of Secretary-Treasure.

Section Two – Representatives of the Craft

The following groupings of candidates are voted on by the members involved in their respective Crafts.

Each member will have multiple votes for their Craft Representatives depending on the Craft involved and will have an additional single vote for the new Representative Alternate. The following is a list of the Craft Representative positions and the number of votes each member may cast:

Coordinator Representative (**2 votes**)
Property Representative (**3 votes**)
Property Master Representative (**2 votes**)
Propmaker Representative (**2 votes**)
Set Decorator Representative (**2 votes**)
Special Effects Representative (**2 votes**)

Additionally, each of the above 6 Crafts has a Representative Alternate. **Members vote for one Alternate from their respective Craft.**

The Representatives are the members' direct conduit to the lawmaking and oversight of the Local and serve on the Executive Board. The Executive Board is the legal body of the Local and one of the checks and balances of our

Constitution. They help create and apply our laws, and on behalf of their members make concerns and desires known to the direct legal agent (the Business Agent) and the financial agent (the Secretary-Treasurer) of the Local. Representatives direct the Local and make decisions on behalf of their members and have a high fiduciary responsibility; on occasion they may be privileged to sensitive legal material or situations which they cannot reveal to the membership until the resolution of the situation.

The Representative Alternates are new positions, and this is the first time they are elected since the creation of the position in our newly adopted Election Article was approved. Alternates sit in on all Executive Board meetings as observers, but are not allowed to voice or vote on any issues. This changes if the regular Representative is absent from the meeting. At this point the Alternate moves to the Executive Board table and participates and votes just like any other member. As the Alternate has been privileged to hear all issues and the history up to that point, there is no need to "bring them up to speed". The Alternate steps back from the table and reverts back to his Alternate position when the regular Representative returns.

COORDINATOR REPRESENTATIVE

ANDREW MOORE, INCUMBENT

Dear Sisters & Brothers,

It has been an honor and an inspiration to serve with the Executive Board for the past six months. What a great opportunity for me to see first hand how our Union works. I was nominated to replace John Matheson as Construction Coordinator Representative. He is a man I hold in high regard for his involvement in our Union. In the same interest, I would like to continue my involvement with this Local, and ask for your support.

We have turned the corner on a dark time and can now move forward into an era of progress and democracy. We've never had so fiscally sound a Local, with a balance budget and clear accountability. Please elect Ed Brown and Elliot Jennings to their respective posts. Working together, the uniquely talented membership of Local 44 and their Executive Board can usher in a previously unattainable period of honesty and prosperity.

Section Three – Delegates of the Crafts

The following groupings of candidates are voted on by the members involved in their respective Crafts. Each member votes for their specific Craft Delegate depending on the Craft to which they belong. The following is a list of the Craft Delegate positions:

Coordinator Delegate
Property Delegate
Property Master Delegate
Propmaker Delegate
Set Decorator Delegate
Special Effects Delegate

Each of the above 6 Crafts has a Delegate Alternate.
Members vote for one Delegate and one Delegate Alternate from their respective Craft.

The Delegates have the responsibility of representing their crafts and the Local as a whole at all convention gatherings of the International. They therefore are representatives at a high-

er legal level within the structure of our Union. Delegates vote on behalf of the membership of Local 44 at International and District conventions with delegates of other IATSE Locals. Delegates may be assigned to committees that rule and bring their recommendations to the larger delegation to vote on. Delegates may attend seminars presented at conventions. A Local 44 Delegate is called on to assemble once a year for a District 2 convention and once every 4 years for an International convention.

By virtue of their positions 3 Officers of the whole are also Delegates; they are President, Business Agent, and Secretary-Treasurer.

The Delegate Alternates are new positions, and this is the first time they are elected since the creation of the position in our newly adopted Election Article was approved. Alternates attend any convention at which the regular elected Delegate for that Craft is unable to attend.
